

ONCC's BIG LIST OF FREE CE

36

Looking for free or low-cost continuing education (CE) programs for certification renewal? ONCC compiled this list of continuing education offerings for renewal points. You may be able to use some of these offerings to fulfill your requirements for certification renewal.

Check your learning plan (test results report or assessment results report) to determine subject areas where you may need points. (If you need to take your assessment, be sure to do that before completing CE.) Some offerings may apply to more than one category, but you cannot claim points for the same activity twice. These offerings do not need to be divided among multiple categories.

Some of these offerings are time-limited and may require registration with the provider.

A New Path Forward: The Therapeutic Potential of Next Generation BTK Inhibitors in CLL/SLL 1 Point

FreeCME.com • Accreditor: ACCME

<https://learning.freecme.com/a/41142PAFMddS>

ILNA Categories: Care Continuum | Foundation of Transplant | Oncology Nursing Practice | Quality of Life | Symptom Management, Palliative Care, Supportive Care | Treatment

Expires 1/31/2024

Acute Myeloid Leukemia and the Role of FLT3 Inhibitors: Best Practices for the Interprofessional Care Team 0.75 Points
